ABOUT OZANAM...

- Since 1948, Ozanam has helped thousands of children and families dealing with emotional, behavioral and learning disorders begin to get their lives back on track.
- Ozanam provides therapeutic residential and day treatment programs, satellite day treatment programs, transitional living services for older youth, a mentoring program for youth in foster care, and consultation services for hundreds of schools.
- Approximately 75 boys and girls ages 12 to 18 currently live on Ozanam's 96-acre main campus in south Kansas City.
- Additional students attend the on-campus school, which is accredited middle through high school by the North Central Association.
- The majority of children Ozanam serves come from Missouri or Kansas. Children are referred by parents, social service agencies, school districts, the courts and private insurance companies.
- Ozanam is a partner in co-educational day treatment with the Belton School District in Missouri. The Belton/Ozanam Southland Cooperative (BOSCO) serves children in grades K-12 living in these areas.
- Through the Behavioral Intervention Support Team (BIST), Ozanam trains educators to work more effectively with children in their classrooms who require special help. Last year, Ozanam contracted with more than 300 schools throughout the Midwest. More than 500,000 children are in schools impacted by the BIST program.
- Through its Pathways Transitional Living Program, Ozanam helps older teens and young adults who are at risk of becoming homeless who are coming out of residential care to become successful young adults. During the one year program, Pathways covers most living expenses while residents work or attend school full-time, putting their earnings into a savings account for their future.

ABOUT THE GALA...

- This will be the 27th year of Ozanam's Hollywood Holiday Gala, which began as a movie benefit in 1983.
- Last year, nearly 600 people attended the event, helping us to raise about \$375,000!
- All of the proceeds from the Gala fund scholarships for children and families who otherwise would not be able to benefit from the life-saving programs and services that Ozanam provides.
