

About Ozanam

Since 1948, Ozanam has helped children with severe emotional, behavioral and learning disabilities through a continuum of programs that help them to reconnect with their families and communities. Ozanam offers complete residential and day treatment programs, group home living, independent living services and behavior consultation services to many school districts throughout the Midwest. Ozanam is a Cornerstones of Care agency and a member of the United Way of Greater Kansas City.

Ozanam completed construction of a nine-hole disc golf course dubbed "Eagles Nest" on campus in 2009 with the help of many community volunteers. Disc golf has now become a popular weekend and after school recreation activity for the boys and girls we serve.

About Disc Golf

Disc golf began in the 1960's as an offshoot of the Frisbee craze. The original courses were "object courses" using trashcans, light poles and even trees as baskets. There are now over 2,500 disc golf courses throughout the country including 10 in the Kansas City Metro Area. Disc golf is a lifetime fitness sport. It is easy to learn, a healthy activity and accessible to people of all ages and fitness levels.

About Thornfield Disc Golf Course

Thornfield Disc Golf Course was built by Suburban Lawn & Garden in early 2008 on the scenic property owned by Bill and Bo Stueck. The only private course of its kind in Kansas City, Thornfield was designed by Dennis Vahsholtz and Bill Paulson. The Stueck's vision in building the course was to host tournaments for local non-profit organizations. Bill has been a friend of Ozanam for many years including serving on the Board of Directors, the Foundation Board and even employing boys and girls so they may gain job experience. Special thanks to the Stuecks for allowing Ozanam to be the beneficiary of this special tournament at Thornfield Disc Golf Course.

About the Kansas City Flying Disc Club

The Kansas City Flying Disc Club (KCFDC) was established in 1983 to promote the sport of disc golf, as well as other flying disc sports, by holding events and leagues for players of all skill levels. For more information about upcoming events or becoming a member of one of the strongest disc golf clubs in the country, visit www.kcfdc.org.
